

FEED OUR KIDS FOOD DRIVE

May 8–June 19, 2022

Since the start of the pandemic, food insecurity rates in NYC have risen 36% overall, and a sobering 46% among children. That means 1 in 4 children in our city do not always know where their next meal will come from. Struggling families face even greater strain over the summer, when it may be harder to access free schools meals.

You can help by participating in the *Feed Our Kids Food Drive*!

Start your own canned food drive or run your drive online to help ensure shelves at soup kitchens and food pantries across the city are stocked for children and their families this summer.
