

# Team City Harvest Virtual Marathon & Running Club

**FEEDING NYC:**  
*A MARATHON  
NOT A SPRINT*

The TCS New York City Marathon represents the best of New York—when all New Yorkers come together to support each other and cheer on their neighbors. Though we may not be able to be together in person this year, the spirit of the Marathon is needed now more than ever.

That's why City Harvest—an eight-time Charity Partner for the TCS New York City Marathon—is proud to announce the **Team City Harvest: Virtual Marathon & Running Club**, a virtual fundraising team for New Yorkers helping New Yorkers.

We have set an ambitious **team fundraising goal of \$275,000—enough to help feed nearly 1 million New Yorkers for a day!** At a time when more and more New Yorkers are worried about where their next meal will come from, your help is vital.

Team City Harvest runners may elect to run the official 26.2-mile TCS Virtual New York City Marathon from October 17- November 1, 2020, or participate in monthly virtual 5K and 10K runs—whatever works for you! All runners will have access to virtual Wellness Wednesday events, such as healthy food demos. This year, even our youngest supporters are able to join in on the fun by participating in virtual 1 mile walks, as a Team Junior Harvest Running Club Member, with their friends and family!

Visit [CityHarvest.org/TeamCH](https://CityHarvest.org/TeamCH) for more information.
